

## The SSD Peer Mentoring Program for Social Engagement 2023-2024

Undergraduate students with disabilities are invited to join our peer mentoring program.

This program is designed for students who experience unique barriers due to disability as they transition to the social life on campus.

Mentees will be matched with a qualified peer mentor to provide support and strategies for engagement to work towards their social goals.

Social engagement activities are determined by the mentee with the mentor's assistance.

Interested students may complete the SSD Peer Mentoring [Mentee Application](#). The Program Coordinator will respond to applicants by email.
